To Whom It May Concern:

It is my pleasure to write this letter in support of **Jannael Orlando Hernández Macedo** for the Software Developer position. I first met Jannael during his time as a student in the **Dual Education Program** at Cecytem Nicolás Romero II.

Throughout the program, I was impressed by his intellectual curiosity, strong sense of responsibility, and commitment. He possesses an exceptional ability to solve complex problems and plan activities efficiently. For his final project, he developed a functional **Computer Vision-powered greenhouse prototype**, demonstrating deep programming knowledge and a remarkable ability to tackle adverse situations successfully.

His dedication and proactive attitude make him an excellent candidate for your organization. I have no doubt that he will be a valuable asset to any technical team, and I look forward to his future professional achievements.

Sincerely,

Juan Carlos Corte García
